- B. The Committee, popularly elected and subject to applicable federal, state, and municipal law, is obligated and mandated to maintain the public schools of Chicopee.

Operating in accordance with said laws and limited only by the express terms of this Agreement, the Committee has and will continue to exercise its managerial functions which include but are not limited to: (1) full and exclusive control of the schools and school system; (2) full and exclusive control of all of its employees, including but not limited to the right to hire, schedule, promote, transfer, demote, or release employees, and the right to discipline, suspend, and discharge such employees with Just Cause; and (3) determining and administering school department policies.

The Committee retains all powers, rights and duties it had prior to this Agreement and the exercise of the foregoing powers, duties and responsibilities by the Committee in carrying out this mandate under the law shall be limited, abridged, delegated, or modified only by the express terms of this Agreement, any supplement thereto, and relevant state and federal law. The failure of the Committee to exercise any such right or power reserved to it or the exercise by it of any such right in a particular way shall not be deemed to be a waiver nor a restriction of any such exercise of rights or lack thereof.

ARTICLE II
NEGOTIATING PROCEDURE

- A. Not later than November 1 of the preceding calendar year in which this Agreement expires, the Committee and the Association agree to enter into negotiations over a successor agreement concerning teachers' wages, hours, and other conditions of their employment. When, by mutual agreement, negotiations are scheduled during the school day, five (5) members of the negotiating team as designated by the president will be relieved, from all regular duties without loss of pay, or loss of accumulated sick leave, or personal leave as necessary in order to permit their participation in such meetings.

- B. The parties acknowledge that during the negotiations that resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the Committee and the Association, for the term of this Agreement, each unqualifiedly and voluntarily waives the right, and each agrees that the other shall not be obligated, to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement even though the subject or matter may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement.
- C. This Agreement may not be modified in whole or in part by the parties except by an instrument in writing duly executed by both parties.
- D. Except as this Agreement shall hereinafter otherwise provide, all conditions of employment applicable on the effective date of this Agreement to employees covered by this Agreement, as established by the School Committee's rules and policies in force on said date, shall continue to be so applicable during the life of this Agreement. Nothing in this Agreement which changes preexisting School Committee rules and policies shall operate retroactively.
- E. This Agreement constitutes School Committee policy for the term of said Agreement and the School Committee shall carry out the commitments contained herein and give them full force and effect as School Committee policy. The School Committee shall amend its rules and policies and take such other action as may be necessary in order to give full force and effect to the provisions of this Agreement.
- F. The Association will prepare the final Unit A contract. Two (2) originals and an electronic copy of the contract will be given to the School Committee.

ARTICLE III
GRIEVANCE PROCEDURE

A. Definitions

- 1. A "grievance" is a claim based upon an event or condition which involves the interpretation, meaning or application of any of the provisions of this Agreement.
- 2. An "aggrieved person" is the person or persons making the claim.
- 3. A "party in interest" is the person or persons making the claim and any person who might be required to take action or against whom action might be taken in order to resolve the claim.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest appropriate administrative level, equitable solutions to the problems which may from time to time arise affecting the welfare or working conditions of teachers. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.
2. Subject to the provisions of Level Five of this article, nothing herein contained will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration, and having the grievance adjusted without intervention of the Association, provided the adjustment is not inconsistent with the terms of this Agreement.
3. The Association shall have the right to initiate an individual grievance at Level Two of the grievance procedure. If the Superintendent or his/her designee believes after the meeting that the grievance is more appropriate for initiation at Level One, such grievance shall be returned to Level One and processed accordingly, with the understanding by the parties that said grievance has been processed in a timely manner if filed by the Association within thirty (30) school days after the individual teacher concerned knew or should have known of the act or condition on which the grievance is based.

C. Procedure

All time limits herein shall consist of calendar days exclusive of Saturdays, Sundays, and legal holidays. The time limits indicated hereunder will be considered maxima unless extended by mutual agreement in writing.

In the event a grievance is filed which cannot be resolved to the satisfaction of the Association prior to the termination of this Contract using the normal time limits set out herein, the Association may submit the grievance directly to arbitration in accordance with Level Four of this procedure.

1. Level One

The teacher with an alleged grievance shall discuss the grievance at a mutually-agreed time with the Principal or his/her designee. The Principal or his/her designee shall honor the request for discussion of the alleged grievance within three (3) days.

A teacher will have within fifteen (15) school days to file a Step 1 grievance after the teacher knew or should have known of the act or condition on which the grievance is based. A teacher will have up to fifteen (15) school days at the beginning of the school year to file a grievance if the grievance action occurred during the summer months when school was not in session. If the act or condition on which the grievance is based occurs fewer than fifteen (15)

school days before the end of the school year, then the grievance must be filed within fifteen (15) days (exclusive of weekends) after the teacher knew or should have known of the act or condition.

2. Level Two

1. If the aggrieved person is not satisfied with the disposition of his/her grievance at Level One, or if no decision has been rendered within seven (7) days after presentation of the grievance, he/she may file the grievance in writing with the Superintendent of Schools, or his/her designee as long as such designee is not a member of a unit, signed by the grievant or any authorized officer of the Association.
- (b) The Superintendent or his/her designee will represent the administration at this level of the grievance procedure. Within seven (7) days after receipt of the written grievance by the Superintendent, the Superintendent or his/her designee will meet with the aggrieved person in an effort to resolve it.
- (c) At his/her level, the Superintendent is to be sure that if the grievant is not a member of the CEA, that the CEA is notified of the date, time, and place for the grievance so that the CEA may be present to state its views.

3. Level Three Committee on Employee Relations

The parties agree to establish and maintain, during the life of this Agreement, a joint Committee on Employee Relations, which shall consist of four (4) representatives of the Association, appointed by the President of the Association, and four (4) representatives of the School Committee (which may be School Committee members or members of the administration), designated by the School Committee, one (1) of each will be the designated spokesperson. The representatives may be accompanied by advisors of their own choosing at any meeting. The members of the Committee may, from time to time, change depending on the issues pending before the Committee.

The purposes of this Committee shall be: 1) to foster good labor management relations through the implementation of the terms of this Agreement; 2) to seek to resolve, consistent with this Agreement, problems or disputes arising under this Agreement; 3) where appropriate, to seek the resolution of grievances consistent with the terms of this Agreement; and 4) where appropriate, subject to the provisions of this section, to enter into mutual agreements to effectuate the terms of this Agreement.

No person or body referenced in this section shall have the authority to alter, amend, extend or revise any term of this Agreement. This Committee may enter into binding agreements only to the extent consistent with the collective

bargaining agreement. Any deviations or resolutions involving the expenditure of funds must be authorized by the School Committee and/or Association.

Unless the parties mutually agree to place an item on the agenda, only those issues which have been filed as a grievance and rejected by the Superintendent or designee at Level Two of the Grievance Procedure are eligible for consideration. Time limits for filing at Level Four will be stayed pending the consideration of a grievance by the Employee/School Committee Relations Committee.

Meetings shall be scheduled on a monthly basis during the school year at a mutually agreeable date and time. A written schedule shall be issued after the first meeting of the school year of meeting dates for the remainder of that year. Procedures with respect to conduct of the meetings shall be established by the Employee Relations Committee.

4. Level Four

If the aggrieved person is not satisfied with the disposition of his/her grievance at Level Two, or if no decision has been rendered within seven (7) days after he/she has first met with the Superintendent, he/she may file the grievance in writing with the Committee. Within fourteen (14) days after receiving the written grievance or the second Wednesday of the month, whichever is sooner after receiving the grievance, the School Committee will meet with the aggrieved person for the purpose of resolving the grievance.

The Association may choose to submit a Level Four presentation in writing instead of orally. The School Committee has the right at its option to have an oral presentation at a subsequent regular School Committee meeting date mutually agreeable to the parties. If an oral presentation is required by the School Committee, it must request such presentation in writing within fourteen (14) days after the written presentation is considered by the School Committee. The School Committee must respond to the grievance within fourteen (14) days of the final presentation.

5. Level Five.

- (a) If the Association does not accept the School Committee Level Four response or if a response is not given by the School Committee, the Association may submit the matter to arbitration by filing a written demand with the American Arbitration Association. This written demand to the American Arbitration Association must be filed no later than thirty (30) days of receipt of the School Committee Level Four response or not later than forty-five (45) days from the day when the School Committee Level Three response was due, whichever is applicable. Disputes regarding filing for arbitration shall be resolved by reviewing the American Arbitration Association's time and date stamp. The parties agree that if an extension is requested by either side within the above-referenced time limits, such extension will be granted.

- (b) The party seeking arbitration may request a list of arbitrators from the American Arbitration Association. The parties will be bound by the current rules and procedures of said Association in the selection of an arbitrator.
- (c) The arbitrator so selected will confer with the School Committee and the Association and hold hearings promptly and will issue his/her decision not later than thirty (30) days from the date of the close of the hearings or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning and conclusions on the issues submitted. The arbitrator will be without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement nor will he/she be permitted to interpret the intention of the parties at the time they negotiated said Agreement. The decision of the arbitrator will be submitted to the School Committee and to the Association, and, subject to law, will be final and binding on all disputes arising under Articles I through IV, Articles XIV through XXXI, Appendix A and Appendix B, provided that the arbitrator shall not usurp the functions of the Committee or the proper exercise of its judgment and discretion under law and this Agreement. On all disputes arising under Article V through XIII, the decision of the arbitrator will be final and binding unless the School Committee within seven (7) calendar days after the decision has been rendered, makes a written statement to the Association that it has rejected, by a majority vote of the full School Committee, the opinion of the arbitrator and which sets forth the reasons for its rejection.
- (d) The costs for the services of the arbitrator, including per diem expenses, if any, and actual and necessary travel and subsistence expenses, will be borne equally by the School Committee and the Association.
- (e) Teachers subject to discharge and/or suspension must elect between pursuing the grievance arbitration provisions of the collective bargaining agreement or the statutory arbitration procedures outlined in Massachusetts General Laws Chapter 71. Once one forum is selected, the other is foreclosed to the teacher.

D. Rights of Teachers to Representation

1. No reprisals of any kind will be taken by the School Committee or by any member of the administration or by the Association, the Massachusetts Teachers Association, or the National Education Association Against any party in interest, and School Representative, any member of the Association, or any other participant in the grievance procedure by reason of such participation.
2. Any party in interest may be represented at all stages of the grievance procedure by a person of his/her own choosing, except that he/she may not be

represented by a representative or an officer of any teacher organization other than the Association. When a teacher is not represented by the Association and the grievance procedure progresses to Level Two, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

E. Miscellaneous

1. If, in the judgment of the Association, a grievance affects a group or class of teachers, the Association may submit such grievance in writing over the signature of the President of the Association to the Superintendent directly and the processing of such grievance will be commenced at Level Two. The Association may process such a grievance through all levels of the grievance procedure even though the aggrieved person does not wish to do so.

Notwithstanding the above and in acknowledgement of the parties mutual intent to secure resolution of problems arising under the collective bargaining agreement at that lowest possible level, the parties agree that, after meeting at Level II in a class action grievance, initiated at that Level, the Superintendent or his/her designee may return the grievance to Level I for further processing.

The determination of the Superintendent or his/her designee to return a grievance to Level I will be based on the following criteria:

there has been no prior meaningful discussions between the parties at Level I,

the grievance involved originated in and is building oriented regardless of the number of people involved, and

the administrator at Level I has authority to resolve the grievance.

The parties agree that the above-referenced procedure and criteria will be followed in the processing of future class action grievances (as defined in Section 1 above) unless modified by agreement of the parties in writing.

In order to facilitate the parties' intent in providing opportunity for full and complete consideration of grievances at Level Four meetings at Level Four between the School Committee and the Association will be scheduled on a regular monthly basis. Such meetings, from September through June, will be held apart from regular meetings of the School Committee for the express purpose of hearing grievances, normally on the second Wednesday evening of each month. Should either party be unavailable, a mutually agreeable alternate date will be established. Any Level Four meeting held during July and August will be subject to agreement by the parties.

2. When a grievance has not been settled at Level One, decisions rendered at Levels Two, and Four of the grievance procedure will be in writing, setting

forth the decision and the reasons therefore and will be transmitted promptly to all parties in interest and to the Association. Decisions rendered at Level Five will be in accordance with the procedures set forth in Section C, paragraph 4(c).

3. All documents, communications and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants.
4. Forms for filing grievances, serving notices, taking appeals, making reports and recommendations, and other necessary documents will be jointly prepared by the Superintendent and the Association and given appropriate distribution so as to facilitate operation of the grievance procedure. These forms must be used for any grievance filed.
5. If a grievance hearing is to be held during the school day under Level Five of the grievance procedure (hearing before arbitrator), not more than five (5) teacher representatives will be released without loss of pay for the time necessary to conduct the grievance hearing. If additional witnesses are necessary to conduct the grievance hearing, a list of such witnesses will be provided to the school administration office (Superintendent's office) at least seven (7) days before the scheduled date for the grievance. Such list shall indicate the approximate time necessary for such an extra witness to testify, and scheduling to permit such witnesses to leave their regular assignment will be arranged, with the understanding that such extra witnesses will return to work promptly after testifying. In like manner, the same procedures will be in force for any fact finding, or the like, which may arise under the provisions for General Laws Chapter 150E, which might be held during regular school hours.
6. The Committee will make available, upon request, such records and other documents which the Association feels are pertinent to the processing of a grievance.
7. When it is necessary, pursuant to Article III Grievance Procedure, for a representative of the Association to attend a grievance meeting or hearing, commencing with Level Two thereof during a school day, he/she will, upon notice to his/her principal or immediate superior and to the Superintendent, be released without loss of pay or charge against any leave as necessary in order to permit participation in the foregoing activities, provided he/she can be released without detriment to the educational program. Any teacher whose appearance in a grievance hearing as a witness is necessary will be accorded the same right. The Association agrees that these rights will not be abused.

ARTICLE IV SALARIES

- A. The salaries of all persons covered by this Agreement are set forth in Appendix "A" which is attached hereto and made a part hereof.

- B. Salary payments shall be made in equal biweekly installments, the first payments in each school year to be made not later than the third Friday of said school year and biweekly thereafter, the last of said biweekly payments to be no later than the last Friday in June. All employees are to be enrolled in direct deposit.
- C. Every effort will be made to guarantee the privacy of teachers' paychecks.

ARTICLE V
TEACHING HOURS AND TEACHING LOAD

- A. The workday of personnel covered by the Classroom Teachers Salary Schedule will begin fifteen (15) minutes before the student starting time. Each teacher will be in his/her school building and available for duty after the closing of school for seven (7) minutes.

It is understood that, except in schools where teachers are performing bus duty, the seven (7) minutes after school closing shall be non-assignable time. Teachers shall not be assigned contact minutes, meetings or duties during this time frame but they will be responsible for taking care of those details which usually are connected with the closing of the daily session.

It is understood that teachers may on occasion, with the permission of building principals, leave school prior to the end of the 7 minutes to attend to emergencies or urgent personal matters that could not have been scheduled in a manner to allow the teacher to remain for the entire seven (7) minute period.

It is also understood that teachers who have extracurricular assignments after school, such as clubs, arts or sports may report to their assignments during the seven (7) minutes following school closing.

The parties to this Agreement agree that seven (7) minutes may, on occasion, be insufficient to meet with the pupils who may wish assistance or advice, for makeup nights, for supervision of detention sessions in accordance with present administrative practice, and for situations beyond the control of school officials; on such occasions, the seven (7) minute limit does not apply. Elementary teachers are expected to be at their work stations ready to receive and supervise students at 8:30 a.m.

- B. 1. The work year for teachers will be 185 workdays. There will be 180 instructional days and five (5) non-instructional days. Each day will be eight (8) instructional minutes longer than the 2000 — 2001 work day. Teachers shall commence work on a working day that is no earlier than August 26. All instructional days will be scheduled between no earlier than the fourth working day of the work year and June 30. If the School Committee desires to start the work year before August 26, the Committee and the Association agree to meet and discuss the request.

The "work year" will include days when pupils are in attendance, or orientation days at the beginning of the school year, conference days, and any other days on which teacher attendance is required. It is expressly understood that days on

which teacher attendance is not required or when students and teachers are dismissed early after reporting because of inclement weather (i.e., storm days), will not be included in computing the work year of teachers.

2. The High School and Middle School day shall be: 7:41-2:08
The Elementary Day shall be: 8:45-2:38
3. Flexible Scheduling - Counselors and librarians (grades 9-12) who perform services but do not meet classes on a regular basis may be required to work a flex time schedule.

The schedule shall fall within a 7:00 a.m. to 3:30 p.m. day and not exceed six (6) hours and thirty-three (33) minutes of consecutive time which shall include a duty-free lunch period.

Flex time changes shall be done on a monthly basis with proper notice to the employee

Volunteers shall be first requested, from the counselors and librarians, to work a flex time schedule. However, the principal reserves the right to assign a flex schedule if there are no, or not enough, volunteers as long as reasonable advance notification is provided to the counselor or librarian.

- C. 1. Teachers other than those new to the system, may be required to remain after the end of the regular workday without additional compensation for up to twenty (20) meetings each school year which shall include meetings cancelled by School Administration. Under normal conditions, said meetings will not be scheduled for less than one (1) hour in length. The principal, after meeting and receiving input from staff on the number of meetings and their length of time, will schedule the meetings, not to exceed twenty (20) meetings, which cumulatively will not exceed twenty (20) hours. New teachers may, in addition, be required to attend a reasonable number of orientation and in-service training meetings.
2. The rules governing teacher attendance at evening meetings (such as parent-teacher conferences) will be as follows:
 - (a) Elementary and Secondary Schools will be closed for one-half (1/2) day up to two (2) separate days per year in order to attend evening meetings, such as Open House. Any change from the current practice requires a site decision by the Unit A members and principal. Attendance at all other evening meetings will be at the option of the individual teacher.
 - (b) Each teacher will make himself available for conferences when parents request such conferences, or when the teacher considers them desirable. To the extent possible, said conferences will be scheduled on school days after the dismissal of the students. Where such scheduling

is not possible, said conferences will be scheduled at some other mutually agreed-upon time.

- D.
1. (a) All elementary (Pre K-5) and Middle School teachers shall have a thirty (30) minute duty-free lunch period during the work day.
 - (b) All secondary teachers shall have a duty-free lunch period equal to the students' lunch, but in no event shall the lunch period be less than twenty-five (25) minutes.
 2. High School teachers and Middle School classroom teachers will have one (1) class period for preparation each day during which they will not be assigned to any other duties.
 3. There will be a daily forty-five (45) consecutive minute preparation period for all elementary teachers, including resource teachers.
 4. The Chicopee School Committee and the Chicopee Education Association both recognize that in order to maintain an appropriate level of educational services to students, time must be set aside periodically for meetings between teachers, administrators and others for such purposes as grade level meetings for discussing and monitoring student adjustment and progress including the development of strategies for improving student adjustment and progress. Therefore, the Committee and the Association agree to cooperate and allow the current practices relating to the scheduling and conduct of such periodic meetings at the elementary schools to continue. Such periodic meetings may be scheduled to take place during the school workday.
 5. Effective 2014-2015, the duties at the high schools, including the Academy, shall be reduced for the purposes of creating more collaboration/prep time for teachers. Teachers shall receive three (3) hours per month. Such time shall be used solely at the discretion of the teachers.
 6. At the Middle Schools, a minimum of three (3) hours per month of team planning time shall be set aside for teacher collaboration/prep time. Such time shall be used solely at the discretion of the teachers.
 7. Effective 2018-2019, elementary students shall be released five (5) days per year for the purpose of creating half days of teacher collaboration.
 8. Effective 2018-2019 school year, the last three (3) days of the School Year shall be half days for students at the elementary and middle schools. Time will be structured for staff.
 - 9.
- E.
1. Academic subject area high school teachers and academic subject area teachers in grades 7 and 8, except resource teachers at these levels may be assigned up to, but not more than, five (5) teaching periods, one (1) student supervision period,

and one (1) homeroom period per day, in addition to the regular pre-school and post-school assignment. To the extent reasonably possible, and consistent with the need to protect classroom equipment, homeroom assignments and study halls shall be rotated annually among teachers on a fair and equitable basis.

High School Academic SPED Teacher: The following understanding relates just to High School Academic SPED Teachers who teach at least four (4) academic subjects (defined as either Math, English, Science, or Social Studies), three (3) of which are the same academic subject. This excludes teachers who teach in self-contained classrooms, Lindamood Bell, and Read 180 as well as Inclusion teachers.

Commencing in the second year of the collective bargaining agreement (2008-2009), the District will use its best efforts to limit the workday of these teachers to five (5) teaching periods. If a teacher in this category is assigned a sixth teaching period, he/she will be paid a daily stipend of \$30 for the extra period.

The Committee will make reasonable efforts to avoid scheduling High School Academic SPED teachers to teach multiple academic subjects.

2. Secondary SPED Teachers excluding those referenced in E-1: Secondary resource teachers and career and technical/occupational teachers will not have more than six (6) teaching periods per day and will be assigned one (1) preparation period per day, except in emergencies. Any teacher who teaches six (6) periods per day will not be assigned homeroom duties in addition to their regular pre-school and post-school assignments. Effective 2018-2019, Business and Information Technology Teachers (BIT) may teach up to six (6) teaching periods per day. Those BIT teachers teaching six (6) classes will be paid coverage rate for the sixth period.
 3. Academic teachers in Grades 7 through 12, except resource teachers, except those high school SPED teachers referenced in Section E-I, will not be required to teach more than two (2) subjects and not more than a total of three (3) teaching preparations within said subjects at any one time.
 4. Notwithstanding the provision of Article V, Section E-1 above, the Superintendent or his/her designee shall specify one (1) resource teacher in the area of art at the high school level who shall teach no more than five (5) periods per day and who shall utilize one (1) period per day to perform those duties usually performed by department heads except supervision and evaluation of teachers.
- E. By September 20, the Administration shall notify a teacher of any and all English Language Learners assigned to his/her classroom. If a student is assigned to a teacher's classroom mid-year, the teacher shall be notified within ten (10) work days of the student's ELL status.

- H. Exceptions to the provisions of Section D or E above may be made only if it is necessary to do so in the best interests of the educational process.
- I. Teachers are encouraged to participate in extracurricular activities. The decision to participate is voluntary on the part of the teacher.
- J. The Board of Directors of the Association will be permitted to meet after regular work hours once a month on a day of its choosing. Such personnel will not be required to attend any after school meetings scheduled by the Administration on that day, provided three days' notice (weekends and holidays excluded) is given to the Administration, stating the date and time of such meeting.

Additionally, on the first day of school, the Association will have fifteen (15) minutes before lunch to speak with its membership.

- K. Subject to the provisions of Article V, C-1, whenever the professional skills of a teacher are required by the School Department for service to a student with special needs under Chapter 766 of the General Laws, beyond the regular working day, and the period of time during which teachers are generally available for after school assistance to students, such teacher will be paid at an hourly rate to be determined by dividing his/her current base salary by the total number of teacher work days in the current school year and that daily rate divided by the number of hours per regular working day for the hourly rate. In all cases, required extended services must have the prior written approval of the Superintendent of Schools.
- L. Days on which two final exams are given will be one-half (1/2) days for students so that teachers at the high school level can correct the exams. Faculty meetings, department meetings, or any other meetings will not be held on days mid-term or final exams are given, except in emergencies.
- M. Team teaching assignments shall be on a voluntary basis.
- N. The School Committee's Article V, Section D-2, D-3, Section E (1-3), the Association's Article V Common Planning and Article VII Pre-K-5 Resource Teacher proposals will be referred to a study committee.

The parties agree that a contract re-opener clause will allow either party to request negotiations pertaining to these specific workload issues after the study committee has completed its deliberations. Both sides agree that the re-opener language requires negotiations but not necessarily agreement to change the current contract workload language.

- O. High School student advisory periods will be used according to the New England Association of Schools and Colleges (NEASC) guidelines.
- P. The Superintendent and Association President will each select two (2) members to serve on a committee to review the current student tardy policy, the current temporary student identification badges' policy and the current notification of parents prior to student

discipline policy at each High School. This Committee will make recommendations on ways to improve each policy. The Superintendent and Association President will meet to discuss the recommendations and time frame to implement any changes.

- Q. The District may implement various forms of on-line and distance learning as necessary provided that it does not directly result in the elimination of a teaching position.

The Committee agrees to attempt to implement the following class size maxima to the extent physically feasible:

Elementary Schools

Kindergarten — 3 rd Grade	25
4 th Grade – 5 th Grade	27
Sixth Grade through Eighth Grade	30

A. Secondary Schools

Academic Subjects	30
Science Laboratories	20
Shop	20
Art	20
Drafting	20
Career and Technical Education	State Guidelines
Physical Education	30
Band and Choral Instruction	No limit

Remedial reading, speech therapy, resource teachers - class size will be reasonable so that a teacher can manage the workload without undue problems.

- B. The School Committee and the Chicopee Education Association recognize that the innovations and experimentations in education will from time to time necessitate going beyond the limits prescribed in A. and B. of this Article. Experimental programs will not continue longer than two (2) years on an experimental basis but will either be adopted or discontinued by the Committee.

Since such innovations and experimentations are the result of the exercise of discretionary powers by the Committee, the adoption of such changes as regular education procedure shall not be subject to any proceedings under Article III of this Agreement. In the event the Committee adopts such changes, it agrees that it will enter into immediate negotiations with the Association concerning the effect of said changes on the wages, hours and working conditions of the teachers involved.

C. The parties agree that in all schools prior to October 15 of each school year and in the high schools between the beginning of the second semester and March 1 of each school year, the above class size limitation provisions shall apply and be administered in accordance with present practice. However, after these dates the Committee may increase class size only as follows:

1. By only one student if that student is "main-streamed" under Chapter 766 by the Special Education Department.
2. By up to two students if those students move in from outside of the City or from another school's district within the City, as long as neither student is under the auspices of Chapter 766 as noted in "1" above.

ARTICLE VII RESOURCE TEACHERS

- A. A resource teacher is a teacher who supplements and reinforces the regular classroom teacher by providing classroom instruction in a specific area. All references to Specialists will be changed to Resource Teachers. The parties agree to form a subcommittee to discuss the definition of "Resource Teacher."
- B. Except as provided in Article XXIX, no one presently on the resource staff will be separated during the life of this Agreement. As vacancies arise due to retirements, resignations, non-tenure departures, and death, the question of refilling the vacancy will be determined individually as it occurs. This provision is not intended to limit the right of the School Committee to dismiss teachers in case of reduction in the number of pupils as provided under General Laws, Chapter 71, Section 42.
- C. A supply cupboard will be provided in each elementary school for all resource personnel working in that building, if feasible.

ARTICLE VIII NON-TEACHING DUTIES

The School Committee and the Association acknowledge that a teacher's primary responsibility is to teach and that his/her energies should, to the extent possible, be utilized to this end. Therefore, they agree as follows:

- A. Teachers will not be required to perform the following duties:
 1. Non-professional assignments, including but not limited to, milk distribution, sidewalk duty, and supervision of playgrounds, cafeterias, and sidewalks. It is understood, however, that when necessary to assure the health, welfare, and/or safety of pupils, a teacher may be given such assignments. In such event, these assignments will be rotated on a weekly, monthly or semester basis as best

works for the school. In addition, distribution, administration and supervision shall be rotated among the staff.

2. Health services, such as administering eye or ear examinations and weighing and measuring pupils.
 3. Collecting money from students for non-educational purposes. Although teachers may be required to collect and transmit pupil health insurance premiums and money to be used for educational purposes, they will not be required to tabulate or account for such money.
 4. Transporting substantial quantities of books between rooms, duplicating instructional and other materials from a prepared original in elementary schools, keeping registers and non-anecdotal portion of the cumulative record cards, preparing report cards in the secondary schools, and other similar clerical functions.
 5. Clinic Duty.
- B. Teachers will not be required to drive pupils to activities which take place away from the school buildings

ARTICLE IX TEACHER EMPLOYMENT

Nothing contained in this Article will in any way limit the authority of the Committee to hire any person it chooses. If, however, the Committee makes the decision to hire a teacher for a bargaining unit position, the following conditions will prevail:

- A.
- B. NEW EMPLOYEES

The Superintendent of Schools will place new employees on the Salary Schedule taking into consideration the following:

1. Degree Status.
2. Previous teaching experience — either public or private — provided such experience was continuous service of more than one half (1/2) of any school year.
3. Service in Peace Corps or Armed Forces. Any part of a year over six (6) months will constitute one (1) year for salary purposes. Limit to no more than three (3) years of military service.
4. New employees without previous experience will be placed on the lowest step of the Salary Schedule at the appropriate level of education, except as provided in Section C — 5 of this Article.

5. It is agreed that no such new teacher will receive a higher salary than any presently employed teacher with equal experience and training except:

- a) For hiring teachers in critical shortage areas and/or subjects:

The Superintendent shall determine, based on reasonable criteria, the amount of credit which may be given for previous teaching experience, as defined in Section B-2, Peace Corps or Armed Forces service as defined in B-3, as well as related experience and professional employment in the subject field, up to a maximum of six (6) years.

The teacher will be awarded fifty percent (50%) of the credit during their first year of teaching. Upon successful completion of the first year, the remaining fifty percent (50%) of credit will be awarded in the teacher's second year.

Additionally, the teacher hired in a critical shortage area or subject is required to pass the entire Test for Educator Licensure within two (2) years of hire or revert to the appropriate salary schedule step based on public school teaching experience.

Critical Shortage areas and/or subjects will mean those Unit A positions which cannot be filled by the School System due to lack of sufficient applications by fully qualified personnel.

The Superintendent will inform, in writing, the Association's President of the reason for this action.

- b) For a position requiring special and unusual skills and training, for example, career and technical teachers.

- C. Previously accumulated unused leave days will be restored to all returning teachers who have continuously been engaged in teaching, or in administrative educational work, who have continuously been in the armed services or the Peace Corps, or who have continuously been engaged in similar activities.

- D. Career and Technical teachers - In determining the placement of career and technical teachers on the salary schedule, career and technical teachers will be given full credit for years of experience in the field said teachers are hired to teach.

1. Career and Technical teachers with five (5) years of experience who earn a B.A. degree shall be placed on the appropriate step in the M.A. column.
2. Career and Technical teachers with five (5) years of experience who earn an M.A. degree shall be placed on the appropriate step in the M + 30 column.

For the purpose of this subsection, a career and technical teacher shall be defined to include teachers in the following fields:

Career and Technical Education Programs:

- 1) Automotive Technology
 - 2) Building and Grounds Maintenance
 - 3) Carpentry
 - 4) Culinary Arts
 - 5) Drafting
 - 6) Electricity
 - 7) Graphic Communications
 - 8) Horticulture
 - 9) Information Support Services and Networking
 - 10) Photography
 - 11) Machine Tool Technology
 - 12) Metal Fabrication & Joining Technologies
 - 13) Telecommunications
 - 14) Videography
- E. All eligible members of Unit A must maintain a valid educator's license issued by the Massachusetts Department of Elementary and Secondary Education (DESE) at all times during their employment or be eligible and/or approved for Waiver Status. Newly hired teachers pending certification will be granted a reasonable length of time not to exceed six months from the date of hire to obtain appropriate certification. Receipt of satisfactory submission to DESE shall meet the requirements of this provision.

ARTICLE X
TEACHER ASSIGNMENT

- A. Effective beginning with the 2015-2016 School Year, Teachers will be notified in writing by the principal or other appropriate administrative official of their programs for the coming school year including the schools to which they will be assigned, the grades and/or subjects that they will teach, and any special or unusual classes that they will have. To the extent possible, returning teachers will be notified by July 1st for the Fall Semester and January 1st for the Spring Semester.
- B. Whenever practical, in order to assure that pupils are taught by teachers working within their areas of competence, every effort will be made to assign teachers within the scope of their teaching certificates and/or their major or minor fields of study.
- C. To the extent possible, changes in grade assignment in the elementary schools and in subject assignment in the secondary schools, will be voluntary.
- D. In arranging schedules for teachers who are assigned to more than one (1) school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedules as soon as practicable. Teachers who are assigned at least two (2) schools in any school day will receive the prevailing IRS rate

per mile for all inter-school driving done by them. Teachers will not receive mileage reimbursement for travel to their initial school assignment or return from their final school assignment.

- E. Teacher assignments will be made without regard to age, race, creed, color, religion, nationality, sex, marital status or sexual orientation.

ARTICLE XI TRANSFERS

Although the Committee and the Association recognize that some transfer of teachers from one school to another is unavoidable, they also recognize that frequent transfer of teachers is sometimes disruptive of the educational process and interferes with optimum teacher performance. Therefore, they agree as follows:

- A. When a reduction in the number of teachers on a grade level or in a major or minor field of study in a school is necessary, volunteers will be considered first for transfer.
- B. When involuntary transfers are necessary, a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Chicopee School System will be considered in determining which teacher is to be transferred. Teachers being involuntarily transferred will be transferred only to a position which is comparable in compensation and authority.

Any teacher who is involuntarily transferred will be notified of the reasons for the transfer in writing by the Superintendent or Assistant Superintendent. In the event that a teacher objects to the transfer, he/she may request a meeting with the Superintendent or Assistant Superintendent and, at his/her option, may have an Association representative present at this meeting.

- C. Notice of transfer will be given to teachers as soon as practicable.
- D. Exceptions to the provisions of Sections A, B, and/or C above may be made only if it is necessary to do so in the best interests of the teacher(s) and/or school(s) affected.
- E. Teachers desiring a transfer will submit a written request to the Superintendent stating the assignment preferred. Such requests must be submitted between September 1 and March 1 of each school year to be considered for the next school year. Requests must be renewed each year. All requests will be acknowledged in writing by April 30th. When the decision is made to fill a staff vacancy from the in-service volunteer pool, those teachers requesting assignment to the vacant position will be given first consideration for selection. No interview is automatically required when the Committee decides to fill a vacant position from teachers in the in-service volunteer pool. However, a teacher in the pool not selected shall receive, if requested, a written explanation of why the successful applicant was selected. Vacancies created by the transfer of the selected volunteer will be filled at the Committee's discretion without need to refer to the in-service voluntary pool.

ARTICLE XII
VACANCIES AND PROMOTIONS

- A. Electronic mail (email) will be the only notification for all school system positions. Timely notice will mean as far in advance of the date the position will be filled. Access to school system e-mails will be for the entire calendar year.
- B. When an unanticipated vacancy or new position occurs during July or August, it may be filled on a temporary basis. The Committee agrees that such temporary service will not be the controlling factor for permanent appointments. Where permanent appointment is to be made, such appointment will be made in accordance with the provisions of this Agreement. In both situations, the qualifications for the position, its duties, and the rate of compensation will be clearly set forth. The qualifications set forth for a particular position will not be changed arbitrarily, capriciously, or without basis in fact when such vacancies occur in the future. Applicants will have at least seven (7) calendar days from the date the notice is posted in the school system e-mail to submit their applications, and said positions will not be filled, except on a temporary basis, until the expiration of an additional seven (7) calendar days, or until candidates who apply within the time specified have been interviewed or their application acknowledged. The Committee reserves the right to publicize any other vacancies which exist within the school system as it may deem desirable, but it agrees to post these positions as approved so that "in-service" teachers may apply.
- C. All qualified teachers will be given adequate opportunity to make application for such positions, and the Committee agrees that in making its selection it will give due weight to the professional background and attainments of all applicants, the length of time each has been in the school system and other relevant factors. In filling such vacancies or new positions, first consideration will be given to qualified teachers already employed by the Committee, and each teacher applicant not selected will, upon request, receive from the Superintendent or his/her designee a written explanation of why the successful applicant was selected. Where a vacancy or new position is to be filled, appointments will be made wherever possible not later than sixty (60) days after the notice is posted in the schools or the giving of notification to the Association. Failure of an applicant to be selected shall not be subject to the grievance procedure, unless there has been a violation of the procedural requirements of this Article or unless the method of selection has been discriminatory as to an applicant not selected. Such grievance shall not in any event progress beyond Level Three as herein before established under Article III of this Agreement.
- D. Appointments will be made without regard to race, creed, color, religion, nationality, sex, age or marital status.
- E. When a vacancy arises in a promotional position, every reasonable effort will be made to fill said vacancy within six (6) months from the time of the vacancy occurring. If permanent appointment is not made within this six (6) month period, the Committee agrees to re-advertise the vacancy and accept new applications. These provisions will not

apply when the vacancy is occasioned by long-term illness of the incumbent of said position.

- F. The procedure for applying for promotional positions will be as follows:

The Administration will interview every applicant who accepts an interview within ten (10) calendar days of filing the application for a position covered by this Article. The notice which is posted will include the data which should be submitted as part of the application. If further information is required, the administration will request it of all applicants. The administration will attempt to set up interviews at a mutually acceptable time during the period provided for interviewing in this section.

- G. All other forms that may be subsequently developed to facilitate this procedure will be subject to Superintendent, School Committee, and Chicopee Education Association approval.

ARTICLE XIII
POSITIONS IN SUMMER SCHOOL, EVENING SCHOOL,
UNDER FEDERAL PROGRAMS, AND CURRICULUM STUDY

- A. All openings for summer school, evening school positions, for positions under Federal programs, and curriculum study, will be adequately publicized, minimum of two (2) weeks' notice whenever practical, by the Superintendent, in each school building and a list of selected applicants will be posted on the bulletin board as soon as possible. Under normal circumstances, the decision as to whether or not there will be a summer school program, and/or evening school program, will be announced as soon as possible but in no event later than the first School Committee meeting in March and the first School Committee meeting in July, respectively.
- B. Positions in the Chicopee summer school and evening school and positions under Federal programs will, to the extent possible, be filled by giving consideration to regularly appointed teachers in the Chicopee School System.
- C. In filling such positions, consideration will be given to a teacher's area of competence, major and/or minor field of study, quality of teaching performance, attendance record and length of service in the Chicopee School System.

ARTICLE XIV
TEACHER EVALUATION AND PERSONNEL FILES

- A. Teacher Evaluation
1. No adverse comments shall be given to teachers by evaluators in the presence of pupils, parents, or other teachers.

2. A Teacher Evaluation Committee will be established to update the current evaluation forms and procedures, to comply with the new DESE evaluation standards passed in March, 2011. This Committee will have equal representation of Unit A members selected by the CEA President and School System administrators selected by the Superintendent of Schools. All recommendations from this Committee will be subject to ratification by both parties. Training for evaluators will be required prior to implementation of new evaluation forms and/or procedures.

B. Personnel Files

1. Teachers will have the right, upon request and at reasonable times, to review the contents of their personnel file and to make copies of such contents and records as concern his/her work and/or himself. A teacher will be entitled to have a representative accompany him/her during such review. The Association will be notified and will have the right to be present in the event the file review is for grievance purposes. Such review will be conducted in the presence of a member of the school administration.
2. No material derogatory to a teacher's conduct, service, character or personality will be placed in his/her personnel file unless the teacher has had an opportunity to review the material. The teacher will acknowledge that he/she has had the opportunity to review such material by affixing his/her signature to the copy to be filed, with the express understanding that such signature in no way indicates agreement with the contents thereof. The teacher will also have the right to submit a written answer to such material and his/her answer shall be reviewed by the Superintendent and attached to the file copy.
3. No material contained in any teacher's file will be made available to anyone other than the School Committee, the Superintendent, and agents of the administration acting in their official capacities.
4. In the case of an unsatisfactory annual rating, the person or persons preparing the rating shall offer written constructive criticism to assist the teacher in improving his/her teaching.

C. Any written complaints regarding a teacher made by any parent, student or person other than an educator, to the administrator will be promptly called to the attention of the immediate supervisor who will inform the teacher and discuss the matter with the teacher. Such teacher will be notified of the final disposition of the complaint.

D. The Association recognizes the authority and the responsibility of the principal for disciplining or reprimanding a teacher for delinquency of professional performance. If any disciplinary action is to be taken against a teacher, he/she will be entitled, at his/her option, to have a representative present. However, no such disciplining or reprimanding will be made in the presence of persons not members of the administration or the School Committee unless that person is chosen by the teacher to be present. The Association will be notified of each instance and may attend.

- E. No teacher will be disciplined, reprimanded, reduced in rank or compensation or deprived of any professional advantage without Just Cause

A non-PTS teacher cannot use the just cause protection of this Section E to grieve the decision to not reappoint. However, this Section E will be used if the teacher evaluation procedures in this Article (Teacher Evaluation and Personnel Files) and Appendix B are not followed prior to the decision to not reappoint.

ARTICLE XV
TEACHER FACILITIES

- A. Each school will have the following:
 - 1. Space in each classroom (e.g., closet, file cabinet, storage container, desk with lock and key) in which teachers may safely store instructional materials.
 - 2. A serviceable desk and chair for the teacher in each classroom where physically practicable.
- B. To the extent possible without major renovation of existing facilities, each school will have the following:
 - 1. A teacher work area containing adequate equipment and supplies to aid in the preparation of instructional materials;
 - 2. An appropriately furnished room which will include a soda machine, to be reserved for the exclusive use of the teachers as a faculty lounge. To the extent possible, said room will be in addition to the aforementioned teacher work area;
 - 3. A communication system so that teachers can communicate with the main building office from their classroom; and
 - 4. A well-lighted and clean male teacher rest room and a well-lighted and clean female teacher rest room.
 - 5. The Committee will recommend that all school buildings to be designed and constructed after the effective date hereof should contain an area in each such building for a reserved teacher lunch area, as well as facilities for warming, storing, and refrigerating food for teachers' convenience.
- C.
 - 1. An adequate portion of the parking lot at each school will be reserved for teachers' parking and when necessary said parking lot will be plowed as promptly as possible.
 - 2. Teachers will be permitted to use the office telephones to make urgent calls as determined by the principal, but permission will not be unreasonably withheld.

The president and members of the Board of Directors of the Association will be permitted reasonable use of the school telephone for official Association business, provided:

- (a) The Association will pay the cost of all toll calls.
- (b) No officer of the Association authorized hereunder will be permitted to interrupt a class to make such calls, but he/she will be permitted to leave a non-teaching assignment to receive any incoming calls concerning Association business; except where such officer is the sole teacher on duty in the study hall.
- (c) The President of the Association will have no duties other than his/her teaching assignment.

D. 1. It is understood that teachers will have access to WI-FI at all schools but the district reserves the right to deny such access in the event that passwords given to teachers are compromised allowing unauthorized access to others such as students.

E. 1. Resource Officers and Maintenance Staff will conduct an analysis of the security and privacy of teacher workrooms at Chicopee High and Chicopee Comprehensive. The purpose of this analysis will be to identify and address of concerns regarding safety and privacy. The findings will be shared with the Chicopee Education Association within six (6) months after completion.

ARTICLE XVI USE OF SCHOOL FACILITIES

A. The Association will have the right to use school buildings for meetings, and the school system swimming pools and other athletic facilities and equipment, without cost at reasonable times; provided, however, that any additional service costs necessitated by such use shall be paid for by the Association. Request for such use will be made in accordance with established Committee policies.

B. 1. The Association will have the right to place notices, circulars and other material in teachers' mail boxes. Copies of all such material will be given to the Superintendent or his/her designee, but his/her advance approval will not be required.

2. The Association will have the right to place notices, circulars and other material on bulletin boards located in the aforementioned faculty lounges or in other appropriately private areas. Copies of all such material will be given to the Superintendent or his/her designee for approval. Said approval will be granted unless the material in question is not in good taste.

ARTICLE XVII

SICK LEAVE

- A. Sick Leave is interpreted as meaning leave with pay for sickness or accident, the nature of which incapacitates the beneficiary from performing the duties of this position, except where appearing in Article XVIII.

- B.
 - 1. Teachers will be entitled to fifteen (15) sick leave days each school year. Those teachers new to the system who commence employment during the school year shall be entitled to sick leave on a pro-rata basis only. Any teacher who terminates employment during the first year of employment shall reimburse the School Committee for all sick leave benefits taken in excess of one and one half (1-1/2) days per month of employment.

 - 2. Sick leave days may be accumulated from year to year with no maximum. The record of each teacher in the system on the effective date of this Agreement will be credited with the sick leave days he/she would have been entitled to had this provision been in effect from the time of his/her original hiring, less any days used for sick leave or other leaves chargeable to sick leave. This provision shall not apply so as to require payments for any uncompensated absence due to illness or other uncompensated absences occurring prior to the effective date of this Agreement.

- C. If a teacher uses five (5) or more consecutive days of sick leave, the Superintendent may require from said teacher a certificate of disability signed by his/her physician. In cases which would appear to indicate extended absence (2 weeks or more) the Superintendent must be notified in writing by the teacher or someone on his/her behalf indicating the probable extent and duration of the illness or disability. If a teacher uses less than five (5) consecutive days of sick leave, the Superintendent may require such a certificate of disability only if he/she has reasonable grounds to believe that sick leave is being abused or is excessive.

- D. The Superintendent may require a teacher to submit to physical or mental examination by appropriate specialists to determine whether involuntary sick leave is warranted. Such request examinations will be at the Committee's expense and will take place in the presence of the teacher's physician, at his/her own expense, if he/she so desires. All matters related to this section will be treated in a confidential manner.

- E. The Office of the Superintendent will be responsible for providing each teacher during the month of September of each year with a written statement delivered to his/her school stating how many sick and personal leave days have been used, how many are available, and the formula used for computing this amount.

- F. Upon termination of an employee with at least twenty (20) years of service in the Chicopee Public School System by retirement, voluntary separation, or death, the Committee will pay to the terminated employee or his/her personal representative, the following:

Ten (\$10) dollars per day for the first one hundred twenty-five (125) accumulated sick days and twenty percent (20%) of his/her per diem rate for each sick day in excess of one hundred twenty-five (125) accumulated sick days to a maximum amount of ten thousand dollars (\$10,000).

For purposes of above calculations, unused personal days will be included.

An employee who notifies, in writing, the School System on or before March 1 can select his/her retirement date for payment or the new calendar year (January 1) date for payment. An employee who notifies, in writing, the School System after March 1 or fails to notify will receive his/her payment in the new calendar year (January 1).

- G. "Sick Leave Bank." A Sick Leave Bank for the purpose of providing additional financial coverage after exhaustion of an employee's annual and/or accumulated sick leave is established exclusively for the use of the members of this bargaining unit. The Sick Bank provides financial assistance only to an employee faced with a debilitating and catastrophic illness or disease. The employee is also required to submit medical documentation at the time of application to the Sick Leave Bank Committee. The Sick Bank will not provide financial assistance for rehabilitation periods or voluntary medical conditions or procedures. New members of the bargaining unit will be assessed one (1) day of their annual and/or accumulated sick leave as of the date they enter the unit. Said days will be "deposited" in the Bank. Unused days in the Bank will carry over from year to year. When the number of days in the Bank reach the level of two hundred (200) days or less, each employee in the bargaining unit will be assessed one (1) day of his/her annual and/or accumulated sick leave as of the first day of the next calendar month. Said days will be "deposited" in the Bank. In the event an employee has no accumulated and/or annual sick leave at the time of said assessment, that teacher will be assessed the amount of days owed to the Bank on the following November 1. Teachers will be notified of the assessment.

Subject to the provisions of this Article each employee may, following a ten (10) school days waiting period, be granted by the Bank Committee up to thirty (30) school days from the Bank. If days are granted, the employee cannot apply again until two (2) years from the last issued Bank day. If days are granted, they will also apply retroactively to the days within the waiting period which meet the definition of Bank days as defined in paragraph one of this Article.

The Sick Leave Bank Committee made up of three (3) appointees of the Association will administer the Sick Leave Bank. The Sick Leave Bank Committee shall have the power to establish procedural and functional guidelines for the operation of the Sick Leave Bank consistent with this Article. All decisions by the Sick Leave Bank Committee will be by two (2) affirmative votes and all decisions by the Sick Leave Bank Committee will be final and binding and not subject to grievance and/or arbitration. All employees will contribute to the Sick Bank and the use of these days is a privilege, not a right.

ARTICLE XVIII
TEMPORARY LEAVES OF ABSENCE

- A. Teachers will be entitled to the following temporary leaves of absence with pay each school year:
1. A total of one (1) day's leave of absence for personal, legal, business, household, or family matters which cannot be taken care of other than during school hours; provided, however, that a leave of absence under this section shall not be taken on the day preceding or following a holiday or vacation, unless the teacher demonstrates that it is an emergency situation, and provided that, except in emergency situations, advance application is made to the Superintendent or designee. If said day is not used in any particular school year, it or the unused portion thereof may be accumulated from year to year. Personal leave must be taken in the following: at least hourly, $\frac{1}{2}$ or 1 full day. If an employee desires to take more than three (3) personal days consecutively, a written request must be made giving the reasons for such leave.
 2. With the advance approval of the Superintendent, at least one (1) day for the purpose of visiting other schools or attending meetings or conferences of an educational nature.
 3. Time necessary for Association representatives to attend Massachusetts Teachers Association and/or National Education Association educational improvement conferences or conventions. The names of all representatives will be submitted to the Superintendent for his/her approval as soon as practical and under normal circumstances not later than two (2) weeks prior to the date of the conference or convention.
 4. Time necessary for Jury Duty or appearances in any legal proceeding where the teacher is under court summons, subpoena, or the like, connected with the teacher's employment or with the School System.
 5.
 - (a) Up to three (3) days when such absence is occasioned by the death of a sister-in-law, daughter-in-law, son-in-law, brother-in-law, uncle, aunt, nephew, niece, grandfather, grandmother, grandchild, whose place of residence was elsewhere than in the home of the teacher. In no case will funeral leave, having begun before Christmas, Winter, and Spring vacations be continued after these vacations.
 - (b) Up to five (5) days when such absence is occasioned by the death of relatives residing in the household of or with the teacher, or when such absence is occasioned by the death of a father, mother, son, daughter, brother, sister, father-in-law, or mother-in-law, whose residence was elsewhere than in the home of the teacher. In no case will funeral leave, having begun before the Christmas, Winter, and Spring vacations be continued after these vacations.

- (c) Appropriate release time of not more than one (1) day non-accumulated may be granted for attending funerals of close friends, cousins, student, or co-workers. Such released time will not be charged against the teacher's accumulated sick leave or personal leave. If additional days are needed, they will be charged to personal days. Written application for such absences will be made in advance to the school principal and will require advance approval of the Superintendent. Application for such absences will be made in advance orally to the school principal or, if the individual is not responsible to a school principal, then to his/her immediate supervisor, and written notice of such absence shall be delivered by the teacher to the Superintendent within three (3) days of date of such absence. A teacher may utilize two (2) such incidents per year.
 - (d) Employees wishing to access leave under this section shall first notify the Human Resources Department in order to begin the process.
 - (e) Effective with the start of the 2015-2016 School Year, a Teacher whose partner gives birth to a child may take up to ten (10) days of parental leave. If a teacher adopts a child he/she may take up to ten (10) days of parental leave. Such leave will be deducted from the teacher's accumulated sick leave.
6. A maximum of seventeen (17) days per school year for persons called into temporary active duty or any unit of the United States Reserves of the State National Guard, provided such obligations cannot be fulfilled on days when school is not in session.
 7. Up to three (3) days for religious observance if said observance prohibits the teacher from working on said day. If, however, observance of a closely held religious belief requires additional accommodation, the employee may seek such an accommodation by application to the Superintendent or the Superintendent's designee.
 8. Effective with the start of the 2015-2016 School Year ten (10) days for illness or accident of spouse, child, parent, mother-in-law, father-in-law, and others residing in the household of the teacher with substantiation in the form of a doctor's certificate and such leave to be deducted from sick leave.
- B. Leaves taken pursuant to Section A above (except Section A, paragraph 5-C) will be in addition to any sick leave to which the teacher is entitled. Except in those circumstances where an accommodation or leave is required by law or regulation, the parties acknowledge that most leave requests made by a first-year teacher during the first half of the school year will not be granted absent an emergency.

ARTICLE XIX
EXTENDED LEAVES OF ABSENCE

- A. A leave of absence without pay or increment of up to one (1) year will be granted to up to two (2) teachers for the purpose of engaging in full-time work for the Massachusetts Teachers Association and/or the National Education Association.
- B. A leave of absence without pay of up to two (2) years will be granted to any tenure teacher who joins the Peace Corps or serves as an exchange teacher, and is a full-time participant in either of such programs. Upon return from such leave, a teacher will be considered as if he/she were actively employed by the Committee during the leave and will be placed on the salary schedule at the level he/she would have achieved if he/she had not been absent.
- C. Military leaves without pay will be granted to any teacher who is inducted, activated or enlists in any branch of the Armed Forces of the United States. The teacher may be notified after said date, but must be notified as soon as practicable after the School Committee learns of such decrease.
- H. PTS teachers who have been so separated shall be entitled to recall rights for a period of two (2) years from the effective date of their respective separation as defined above. During the recall period PTS teachers shall be notified by certified mail to their latest address of record, and given preference for positions as they become available to a PTS teacher in accordance with Section B of this Article, and all benefits to which a PTS teacher was entitled at the time of such separation shall be restored in full upon reemployment within the recall period. APPENDIX B

I. PURPOSE OF SUPERVISION AND EVALUATION

The purpose of the Chicopee Public Schools' evaluation instrument is to establish a structure to improve teaching and learning by creating a comprehensive understanding of a teacher's work, by supporting professional development, and by assuring accountability. The specific purpose of 603 C.M.R. 35.00 are: "(a) to provide information for the continuous improvement of performance through an exchange of information between the person being evaluated and evaluator, and (b) to provide a record of facts and assessments for personnel decisions." (603 C.M.R. 35.01, Section 2)

Improving teaching and learning begins with the recognition that teaching is an extremely complex process, certain aspects of which can nevertheless be studied, understood, and described in terms of certain categories, indicators, and attributes of effectiveness.

It is on the basis of these indicators of effective teaching that the teachers' professional skills are assessed and evaluated utilizing a variety of data sources. These include, but are not limited to, classroom observations, conferences, analysis of student work, written teacher work and other professional communications. The intended outcomes of the process are several: to foster continuous self-examination of professional skills; to foster professional growth; to commend professional achievement; to provide a rational and reliable basis for making recommendations for the improvement of professional practice and instruction, and to provide a basis for making employment decisions as needed.

In the context of supervision and evaluation, a major role of the supervisor is to provide focus and feedback for the teacher about performance issues, to support and stimulate the teacher's thinking about instructional decisions and professional practices. The supervisor may identify those specific areas for improvement that need to be addressed. A supervision and evaluation process is most productive when both collaboration and respect exist between the teacher and the supervisor.

It is understood that in category #3, Professional Development Needed and category #4, Unsatisfactory, implies a responsibility both for teacher and for the supervisor or principal. The latter is responsible for the recognition and explanation or documentation of any teacher weakness and for providing recommendations, suggestions, examples and opportunities for improvements as well as for giving feedback on progress. The teacher is responsible for following the prescribed improvement plan* and for demonstrating strengthening in the area(s) of weakness.

(*Any significant expenses associated with requirements of the plan (i.e. courses, workshops, conferences, and travel outside the district) will be assumed by the school system.)

The Association and Committee agree that this professional growth and evaluation process includes the requirements set forth in the regulation of the Department of Education (603 C.M.R. 35.00) and that it meets or exceeds the standards which have therein been set forth.

II. EVALUATION PROCESS-CLASSROOM TEACHERS

The supervision instruments shall be distributed to all staff before the evaluation process is commenced.

Data gathering

While formal classroom observation is an important source of information regarding the performance of a teacher, evaluators are expected to gather information in as many different ways as possible to produce the most complete and accurate picture of the teacher's overall performance. These may include classroom visitations (by advance or contemporaneous notice where the evaluator makes his/her presence known to the teacher), conferences with the teacher, review of materials produced by the teacher and/or students, letters of recommendation, communications from teachers, parents, and other persons who can provide firsthand information appropriate for consideration in the evaluation process consistent with the provisions of the Teachers' Contract and 603 C.M.R. 35:00.

In order to expand the time for Teacher collaboration, the parties agree that Teachers shall not be required to collect data for standards 3 and 4 of the Teacher Evaluation System and, further, that Elementary and Middle School Teachers shall not be required to complete ISSPs (Individual Student Success Plans).

LETTER AGREEMENT

IN ADDITION to those contractual changes which are set forth in the basic contract between the SCHOOL COMMITTEE OF THE CITY OF CHICOPEE and the CHICOPEE EDUCATION ASSOCIATION -- UNIT A -- : the following understandings and interpretations are agreed to in order to provide smooth administrative handling of questions arising under the contract:
