## **ARTICLE II**

### ***CODE OF ETHICS***

The Algonquin Regional Teachers Association and the Algonquin Regional School Committee agree to adhere respectively to the principles outlined in the most current Code of Ethics published by the National Education Association and the Massachusetts Association of School Committees.

## **ARTICLE III**

### ***RIGHTS AND OBLIGATIONS OF THE SCHOOL COMMITTEE AND THE SUPERINTENDENT***

Section 1. The Committee is recognized as a public body established under and possessing all those functions and powers granted to it by the Statutes of the Commonwealth of Massachusetts and the rules and regulations of agencies of the Commonwealth.

Section 2. Nothing in this Agreement shall be deemed to derogate from or impair any power, right, or responsibility heretofore possessed by the School Committee and/or the Superintendent except where such power, right, or responsibility heretofore possessed by the School Committee and/or the Superintendent is specifically limited by an agreement.

## ARTICLE IV

### *EMPLOYEE RIGHTS AND OBLIGATIONS*

Section 1. Employees shall have and shall be protected in the exercise of the right, freely and without fear of penalty of reprisal, to form, join and assist employee organizations or to refrain from such activity; to hold office and participate in the management of the Association; to act in the capacity of Association representative; and to engage in other lawful associations and concerted activities for the purposes of collective bargaining or other mutual aid or protection.

Section 2. In the exercise of these rights, all employees shall be free from any and all interference, restraint and coercion; and such employees shall be protected against any discrimination in regard to tenure, promotion, or other conditions of employment.

Section 3. Any of the benefits, privileges, and conditions of employment currently in force will not be unilaterally impaired.

Section 4. All of the above rights may be exercised so long as they do not interfere with employees' professional or contractual obligations.

## ARTICLE V

### *TEACHER PROTECTION*

Section 1. Teachers will immediately report to the Superintendent, in writing, all cases of assault suffered by them in connection with their employment.

Section 2. This report will be forwarded to the Committee which will comply with any responsible request from the teacher for information in its possession related to the incident or to the persons involved and will act in appropriate ways as liaison between the teachers, police and the courts.

Section 3. If criminal or civil proceedings are brought against a teacher alleging that they committed an assault in connection with his employment, the Committee will furnish legal counsel and all fees necessary to defend them in such proceedings if they request such assistance, provided that such employee is not in violation of school policy.

Section 4. If an appeal from a guilty finding is taken by the teacher, the expenses of such appeal shall not be paid for by a Committee unless approved by vote of the Committee.

## ARTICLE VI

### *OPERATIONAL GUIDELINES*

#### Section 1. School Year.

- (a) The teacher work year shall consist of 185 working days to include the day before the start of the student school year, 180 days for instructional purposes, and four (4) days for professional development. The Committee and ARTA agree that the work year (including teacher preparation day and professional development days) will begin no earlier than the Monday before Labor Day unless mutually agreed to by the parties no later than January 15th for the coming academic year.

Of the four (4) days for professional development, one (1) of the days will be considered a Flexible Professional Development Day. If one (1) of the remaining three professional development days is canceled due to a school cancellation, that professional development day will then become a second (2) Flexible Professional Development day that year. (See Appendix C for details around Flexible Professional Development).

A joint committee consisting of an equal number of representatives of the Committee and the Association will make programmatic recommendations to the Superintendent and Committee regarding the content of the professional development days.

- (b) Teachers shall not be required to work on Saturdays, Sundays, or holidays except by mutual agreement between the Association and the Committee.

#### Section 2. School Day.

- (a) It has been the policy of the Committee not to stipulate the time teachers should arrive at school or at what time they should leave. It is agreed that teachers, as professionals, should be aware of their responsibility to be in their classrooms when their students arrive and of their responsibility to be available to students for make-up and special help when this is needed. The practice of handling this in a professional manner shall be continued.
- (b) The length of the pupils' school day shall not be increased or decreased without the mutual agreement of the Association and the Committee unless otherwise required by the State Department of Elementary and Secondary Education.
- (c) The parties to this Agreement recognize that compliance with state regulations on Student Learning Time may necessitate changes in the structure of the school day. We believe that this matter will best be addressed through a broad-based decision-making process involving teachers, students, the administrative school-based leadership team and the school council. This team approach will develop creative scheduling that results in compliance with new regulations for subsequent academic years.

Section 3. Lunch Period. Every teacher will have a duty free thirty (30) minute daily lunch period.

Section 4. Teaching Load.

- (a) Teachers will be assigned a maximum of twenty-five (25) teaching blocks and a minimum of the equivalent of one (1) daily duty-free preparation period in a five-day cycle. A double-block class will count as two (2) teaching blocks. No teacher shall be assigned more than five (5) course units per semester and a maximum of five (5) additional assigned periods per five-day cycle. A course unit shall be defined as a class or a combination of classes that meets five (5) times per cycle.

Assignments may include one or more of the following:

1. Professional Learning Communities.
2. Maintenance of specialized equipment and specialized facilities by mutual agreement of teacher and administrator.
3. Directed Study supervision.
4. Cafeteria supervision -- only after available volunteers have been utilized.
5. Supervision of areas such as lavatories, hallways and resource rooms. Such assignments will be made in accordance with teacher preference.
6. Emergency duties to be assigned only on a temporary basis.

All assignments of additional periods shall be prorated according to the percent of employment not including the professional responsibilities.

A group of administrators and teachers will meet to formulate procedures for the equitable assignment and rotation of duties.

In an effort to enhance collaboration, the administration will provide a list to department chairs of duties that need coverage. These duties will be in accordance with the additional assigned periods as noted above. In providing duties to each department the administration will endeavor to have a proportional number of different types of duties based on the number of department team members (i.e., cafeteria supervision, supervision of areas, directed study supervision). Except in unusual circumstances, the duty list will be posted in advance of each semester. All staff (except tutors, nurses, and educators in their first year) will have duties.

**District will endeavor to provide each teacher with a PLC. The PLC could be before or after school as agreed upon beforehand with the Principal. If the PLC is held before or after school, this will still be considered a duty.**

The above is subject to modification only by mutual agreement of teacher and administration.

- (b) Teachers shall not be required to teach more than two subject-matter areas nor have more than three preparations per day, except by mutual agreement between the Principal, the

teacher, and the Association. Advanced Placement, College Prep and Honors courses are considered single and distinct classes. This is subject to modification for educational innovation (**i.e. fundamental courses**), experimentation, and group instruction and safety and space concerns.

- (c) No teacher shall be assigned classes which total average more than twenty-five (25) pupils per class. No teacher shall be assigned a total load of more than one hundred twenty-five pupils per semester. These limits would not apply to ensembles such as band and chorus. No class shall exceed thirty (30) pupils per class. These ratios are subject to modification for educational innovation, experimentation, and group instruction and safety and space concerns. The Northborough-Southborough Regional School District Committee and the Algonquin Regional Teachers Association recognize the value of small class size to meet the individual educational needs of all students; therefore they both share the goal that no class should exceed twenty-five (25) pupils.
- (d) No teacher shall be required or assigned to teach outside the teacher's licensure unless by mutual agreement between the teacher and the Superintendent.
- (e) The Committee agrees to work towards a ratio of sixty (60) teachers and fifteen (15) professional, non-teaching employees for every one thousand (1,000) pupils.
- (f) Teachers will be paid forty-five dollars (\$45) per single class for covering any class during their preparation period when coverage is required through lack of regular substitute coverage. This provision does not apply to teachers who have been relieved of their classes through graduation or field trips. It is understood that this section applies to all unit members including Department Chairs, Specialists, Guidance and Media/Library staff and that Administration will work to ensure that the assignment of coverage is equitably offered to all bargaining unit members. While nothing herein requires the district to make available a minimum number of class coverage opportunities, the district will not change the policy regarding substitute coverage (see Article IX, Section 1A).
- (g) Faculty members required by law (under Chapter 766) to attend Team Evaluations, which are scheduled to commence after 3:30 P.M., shall be reimbursed at the rate of twenty-seven dollars and fifty cents (\$27.50) an hour. Every effort will be made to schedule these meetings immediately after school.
- (h) Faculty members who participate in curriculum workshops approved in advance by the Superintendent or his designee shall be compensated at the rate of **thirty-six** dollars and **eighty-seven** cents (**36.87**) per hour.
- (i) The Association President(s) shall be assigned no "additional" periods, as defined in Section 4(a) [Teaching Load], subsections 1 through 6 of this Article.

## ARTICLE VII

### *DEPARTMENT CHAIRS*

#### Section 1. Department Chair Specifications and Departments

- (a) Within a reasonable period of time after either party requests a review of any department chair job description, the Committee and the Association will establish a joint committee to review and, if necessary, revise the department chair job description. The joint committee will consist of three (3) members of the Administration and three (3) department chairs chosen by the Association. These persons shall select from among themselves a chair. The joint committee shall render a report of its findings to the Association and the School Committee. Any changes in the department chair's job description shall be subject to ratification by both parties.
- (b) Job specifications so ratified by both parties:
1. shall be in written form; and
  2. shall be provided to the affected department chair(s); and

### *SICK LEAVE POLICY*

Section 1. Teachers shall be credited with fifteen (15) sick days at the beginning of each school year cumulative to one hundred eighty-five (185) days.

Section 2. Deductions for excused absences beyond the allowable sick leave or for other cause shall be computed at the rate of one one-hundred eighty-fifth (1/185) of the annual rate of salary. Stipends obtained from extracurricular activities will not be included in the deduction. This last sentence will not apply when an additional stipend must be paid to complete the activity.

Section 3. In the event of the absence of a teacher for illness in excess of five (5) consecutive days, the Committee will require the filing of a doctor's certificate, or the Superintendent may, if **they have** reasonable cause to believe that there is an abuse of sick leave policy, require an examination by an independent physician; such examination shall be at the Committee's expense.

Section 4. A sick leave bank shall be established. Any teacher may contribute **one (1)** sick days per year to this bank. Such contribution must be made within thirty (30) days of the employment contract in any given school year. Any teacher who has contributed to this bank during the current contract year and has used the teacher's accumulated sick leave **and 3 personal days** will be entitled to borrow from the bank, subject to the approval of the sick leave bank board.

New hires cannot access the sick bank for the first three (3) years of service. The board will consist of two (2) members chosen by ARTA and two (2) representatives chosen by the School Committee to oversee the operation of the bank under the following circumstances:

- (a) Annual funding of the bank will consist of 1000 days.**
- (b) Individual petitions will be presented to the board by interested parties.
- (c) When the sick bank falls below two hundred fifty (250) days, each participating teacher will then contribute one (1) or more days to be deducted from his/her yearly sick credit.
- (d) In the event the bank is depleted, additional bank days will be funded on a voluntary basis.
- (e) After 10 cumulative years of participation in and contributions to the sick bank, members will no longer need to contribute for membership in the sick bank.**
- (f) The sick bank will reset to 1000 days annually.**
- (g) Petitioner or **their** representative must present pertinent medical data and proof of illness. A response to any petitioner will be forwarded within two (2) weeks.
- (h) Applications will be considered accepted unless refused by a simple majority vote of the board.
- (i) All petitions are to be held in strict confidence.

The chair of the sick bank board shall be chosen from the Association members of the board. Sick bank benefits will not extend beyond the limits of the employment contract. The board shall notify the Superintendent's office of payments to be made from the bank and shall submit quarterly statements of its condition.

Section 5. If a teacher leaves the District's employ during the first year, the number of days to which the teacher is entitled will be prorated and **their** severance pay will be adjusted accordingly.

Section 6. After ten (10) years of employment in the district, an employee who retires from the district shall receive a sick leave buyback according to the following schedule:

- After 10 years of employment: \$10 per day to a maximum of one hundred (100) days
- After twenty (20) years of employment: \$20 per day to a maximum of one hundred (100) days

**Section 7. An employee may supplement a worker's compensation claim payment with their available sick time in order to keep their pay whole.**

## ARTICLE IX

### TIME OFF BENEFITS

Section 1. Teachers will be entitled to the following leaves of absence with pay each school year.

- (a) A total of five (5) days of absence may be taken for legal or personal business; or for household or family matters which require absence during school hours. Application for personal leave up to the three (days) will be made to the Principal at least forty-eight (48) hours before taking such leave (except in the case of emergencies) and the applicant for such leave will not be required to state the reason for taking such leave other than that **they are** taking it under this section.

Personal days may not be taken immediately preceding or following a vacation or District recognized holidays. In special circumstances, the superintendent may authorize the use of personal leave days immediately preceding or directly following holidays and vacations. Under no circumstances shall said days be used to extend a vacation or holiday.

**Requests for personal time taken beyond the first three (3) days shall state a reason for the request and may be approved by the High School Principal provided there is sufficient coverage. Requests must be submitted at least two weeks prior to the dates requested for personal leave. Requests that are denied may be rescheduled with the**

**Principal or appealed to the Superintendent of Schools.**

Teachers who need short term leave for reasons stipulated as “personal time” for a length of time not to exceed two “regular” class periods during the school day will not be charged for leave time if they do not need coverage or if they arrange for a colleague to cover their class and there is no substitute cost to the district.

- (b) Religious holidays. Bargaining unit members may be granted up to three (3) days each year to observe recognized religious holidays of the faith to which such members belong when such holiday falls upon such a day when school is in session. The Superintendent of Schools shall be the final arbiter of what is recognized as any "Bona Fide or sincerely held religious beliefs." Notice to the Superintendent must be given ten (10) school days in advance of the holiday where practicable. Approved absence for such religious holidays shall not be deducted from personal leave or sick leave. Additional religious holidays may be granted at the discretion of the Superintendent on a case-by-case basis.

If the School Committee should change the school calendar **to** one where classes are held on days currently designated as religious holidays, either party may request to impact bargain over the change.

- (c) Bereavement Leave. Up to three (3) school days at any one time in the event of the death of a teacher's spouse, child, parent, grandparent, sibling, son-, daughter-, father-, mother-in- law, grandchild, significant other, or other members of the immediate household. Teachers will be granted one (1) day at any one time in the event of the death of a brother-in-law, sister-in-law, uncle, aunt, niece, nephew or cousin. If additional days for bereavement are required, they may be granted at the discretion of the Superintendent. **In the event of a death of a relative or friend where the bond is so strong that attendance constitutes a moral obligation, one (1) personal or sick day may be used.**
- (d) Bedside Care Up to three (3) school days annually in the event of an illness requiring bedside or household attention by the teacher or the teacher's spouse, significant other, child, parent, sibling, grandparent, grandchild, son-, daughter-, mother-, father-in-law or other member of the immediate household. Five (5) days of accumulated sick leave may also be used for family illness annually. Additional family sick leave may be granted on a case by case basis by the superintendent. Any additional time will be deducted from the employee's accrued sick time.
- (e) Professional days for the purpose of visiting other schools, attending meetings or conferences relating to curriculum development or organizational structure will be allowed provided a written proposal is presented to and approved by the Superintendent of Schools at least two (2) days in advance. No more than ten percent (10%) of each building faculty on any given day will be absent for this purpose.
- (f) The Committee agrees to provide twelve (12) days during any school year for persons called into temporary active duty of any unit of the U.S. Reserves or State National Guard provided such obligations cannot be filled on days when school is not in session. Teachers will be paid the difference between their regular pay and the pay that they receive from the

State or Federal Government.

- (g) Parental Leave. Teachers will be granted up to ten (10) days in the event of a birth adoption or foster care placement. Five (5) additional days may be granted at the discretion of the Superintendent of Schools. Days granted pursuant to this section shall be deducted from sick leave.

Section 2. Leaves taken pursuant to Section 1 above will be in addition to any sick leave to which the teacher is entitled. No teacher will be required to arrange for **their** own substitute.

Section 3. Time necessary for four (4) Association representatives to attend MTA and/or NEA conventions and conferences will be allowed.

Section 4. Teachers required to perform jury duty shall receive leave with pay for the duration of such duty. Compensation shall be the difference between jury duty pay, exclusive of mileage, and the teacher's regular pay.

Section 5. Association Days. The president(s) of the Association or **their** designee will be released for four (4) days during the school year to attend to association business. The scheduling of the association's release days shall be arranged with **their** immediate supervisor. Substitute stipends will be paid for by the school district. Additional time may be provided at the discretion of the president's or **their** designee's immediate supervisor.

## ARTICLE X

### *EXTENDED LEAVES OF ABSENCE WITHOUT PAY*

Section 1. The Committee agrees that up to three (3) teachers designated by the Association will, upon request, be granted a leave of absence for up to two (2) years without pay for the purpose of engaging in Association (local, state or national) activities. Upon return from such leave, a teacher will be considered as if **they** were actively employed by the Committee during the leave and will be placed on the salary schedule at the level **they** would have achieved if the teacher had not been absent.

Section 2. A leave of absence without pay for up to two (2) years will be granted to any teacher with professional teacher status who joins the Peace Corps, AmeriCorps, or serves as an exchange teacher and is a full-time teaching participant in either of such programs. Upon return from such leave, a teacher will be considered as if the teacher were actively employed by the Committee during the leave and will be placed on the salary schedule at the level **they** would have achieved if the teacher had not been absent.

Section 3. Military leave will be granted to any teacher with professional teacher status at Algonquin Regional High School who is inducted or enlists because such induction is imminent into any branch of the Armed Forces of the United States. Upon return from such leave, a teacher will be considered as if the teacher were actively employed by the Committee during the leave and will be placed on the salary schedule at the level **they** would have achieved if the teacher had not been absent up to a maximum of three (3) years.

Section 4A. Parental Leave of Absence. Pursuant to Massachusetts General Laws, Chapter 149, Section 105D, every teacher is entitled to up to eight (8) weeks of parental leave if they have completed an initial probationary period of three (3) months and if they give at least two (2) weeks' notice of the expected departure and return dates.

A teacher who has been employed for one (1) complete year shall be entitled to a leave of absence without pay for up to twelve (12) consecutive weeks for birth, adoption, foster care placement of a child, or if a serious health condition affects the employee or the employee's spouse, child, or parent in accordance with the Family and Medical Leave Act. Said leave shall be concurrent with and not in addition to Parental Leave and Child-Rearing Leave under the collective bargaining agreement.

Section 4B. Child Rearing Leave of Absence. A child rearing leave of absence of up to two (2) years without pay will be granted to a teacher with professional teacher status in connection with the birth or adoption of his or her child. The teacher shall notify the administration in writing three (3) months prior to the expected leaving date. The leave will commence at the end of a marking term whenever possible. A leave of absence under this section shall be limited to one family member within the school system at any one time.

Section 5. A teacher who is utilizing the Family and Medical Leave Act for his/her own illness will be required to use sick leave during the period of leave attributable to his/her illness. Consistent with the Family and Medical Leave Act, during said twelve (12) week leave, an employee on leave under this Section shall continue to be eligible for health insurance with the District and the employee during said leave will remit to the District **their** share of the premium.

Section 6. A leave of absence without pay or increment of up to one (1) year will be granted to teachers for the purpose of caring for a sick member of the teacher's immediate family.

Section 7. The Committee will grant a leave of absence without pay not to exceed the lesser of one (1) full term of office or two (2) years to any teacher with professional teacher status to campaign for or serve in a public office provided this does not breach any contractual obligation and that sufficient educational benefit to the District can be demonstrated.

Section 8. A teacher with professional teacher status may be granted a leave of absence without pay or increment for up to two (2) years for health reasons. Requests for such leaves will be supported by appropriate medical evidence.

Section 9. Any teacher without professional teacher status whose personal illness extends beyond the period compensated may be granted a leave of absence without pay until the end of the school year. Requests for extension of such leave may be submitted to the School Committee for consideration.

Section 9A. Any professional status teacher will be entitled to a two (2) year leave of absence without pay to pursue an alternative career. Application shall be made to the Superintendent on or before January 15. After this date, such leave will be granted at the discretion of the Superintendent. Leave must be requested and will be granted in full-year increments only.

Section 9B. If an individual is granted a position outside the bargaining unit, but within the district, then they shall accrue seniority, including but not limited to salary advancement in accordance with the salary scale for up to two (2) years.

Section 10. Teachers on such leaves must notify the Superintendent of their intent to return or their intent to extend their leave no later than January 15<sup>th</sup> of the school year preceding the school year of return. The leave granting document shall contain the notification of intent to return information and forfeiture provisions of the collective bargaining agreement. Acceptance of this document shall be a condition of the leave. Failure to respond in writing, postmarked no later than January 15<sup>th</sup> of the school year preceding the school year of return, will result in the forfeiture of the teacher's position and shall be considered a voluntary resignation.

Section 11. All benefits to which a teacher was entitled at the time his leave of absence commenced, including unused accumulated sick leave, will be restored to **them** upon **their** return; and subject to Article XXVI, the teacher will be assigned to the same position which the teacher held at the time said leave commenced, if available, or if not, to a substantially equivalent position.

## **ARTICLE XI**

### ***SABBATICAL LEAVES***

Sabbatical leaves will be granted for an organized program of professional advancement to members of the Association by the Superintendent. Such leaves are designed to improve the quality of education at Algonquin Regional High School, in the judgment of the Superintendent, thus increasing the benefits accruing to pupils. Sabbatical leaves will be subject to the following conditions:

- (a) The employee shall have completed at least seven (7) full years of employment.
- (b) No more than two (2) employees per school year will be granted sabbatical leave, and no more than one (1) such employee from a single department may be granted such leave at any particular time.
- (c) Requests or notifications of intent of sabbatical leave must be received in writing in such form as may be required by the Superintendent no later than October 1. Action must be taken on all such requests no later than April 1 of the school year preceding the school year for which a sabbatical leave is requested.
- (d) In the event the number of applications received exceeds one (1) in any department or two (2) employees, the application will be evaluated on the following factors:
  - 1. Educational value of the proposed program to Algonquin Regional High School.
  - 2. The quality of past performance by the employee.
  - 3. The length of service by the employee.
- (e) Upon return to employment, the employee shall be placed on the appropriate salary step in the salary schedule as though such employee had not taken leave.

- (f) The employee will agree in writing that, upon termination of leave, the employee will return to Algonquin Regional High School for a period equal to twice the length of such leave and that, in default of completing such service, the employee will pay back to the District an amount equal to such proportion of the salary received by the employee while on leave as the amount of service not actually rendered bears to the whole amount of service agreed to be rendered.
- (g) Employees on sabbatical leave—either full year or half year—will be reimbursed one-half a full year’s salary provided that such payment, when added to any grant received, does not exceed the employee’s present salary. If the present salary is exceeded, the District’s participation will be reduced by the amount necessary to maintain the present salary.
- (h) Sabbatical leave will not be granted for the purpose of study for another trade or profession.

Section 7. When a grievance arises, the grievance must be filed within thirty (30) school days from the day of the event upon which the grievance is based or from the date when the teacher had or should have had knowledge of the event.

Level One.

A teacher with a grievance shall present it to the Principal within thirty (30) school days of the event upon which the grievance is based. Any meeting with reference to the above shall be held during non-school hours.

Level Two.

- (a) In the event that the grievance shall not have been disposed of to the satisfaction of the aggrieved employee at Level One or in the event that no decision has been reached within ten (10) school days after presentation of the grievance to the Principal, the grievance shall be reduced to writing and referred to the Superintendent within five (5) school days of the disposition under Level One.

## **ARTICLE XXVI**

### ***REDUCTION IN FORCE (RIF)***

Section 1. In the event that a reduction in the number of teachers with professional teacher status (PTS) is deemed advisable by the Superintendent, the following rules shall apply in the determination of which teachers are to be laid off:

- (a) A teacher with PTS shall not be laid off if there is a teacher without PTS whose position the teacher with PTS is qualified to fill.
- (b) Reduction in force of a teacher with PTS within the targeted disciplines shall be based on a teacher's job performance and the best interest of the students, which is defined as the teacher's most recent summative overall evaluation ratings as compared to other teachers' most recent summative overall evaluation ratings (with ratings of Meets the Standards of the Algonquin Regional School District for evaluations prior to 2013-2014). Proficient and Exemplary will be considered equal.

If there is a tie using the above criteria, the tie shall be broken by seniority, with the least senior teacher in the discipline targeted laid off first. If there is still a tie, versatility and/or licensure will be the determining factor. A teacher's placement on the salary schedule shall not be a factor in the consideration of layoffs.

Seniority shall be defined by the length of uninterrupted service in full-time equivalent years and days working under a valid license, from the most recent commencement of service. A seniority list by name shall be provided to the Association by November 15. Disputes over the list shall be submitted to the Superintendent within 30 calendar days of distribution. The Superintendent will respond in writing within

30 calendar days.

Unpaid leaves of absence shall not cause an interruption in seniority, but shall not be counted toward credit. Professional status teachers who face the prospect of employment termination, as a result of a reduction in force, shall be informed in writing by May 1 of the school year preceding the anticipated reduction, when feasible.

Teachers with professional teacher status who have been reduced shall be eligible for continued participation in group insurance plans at their own expense to the extent provided by federal (COBRA) regulations.

Section 2. Teacher Recall Procedures.

In the event of a layoff or a reduction in force, teachers who have been rated Proficient or Exemplary at the time of layoff are eligible for recall. No new employee shall be hired for a permanent position until such time as every eligible employee on the recall list has been given an opportunity to apply in writing to fill the vacancy.

- (a) The Superintendent shall maintain a complete list of all professional personnel formerly under the contract who are, by virtue of declining student enrollment and/or school closings, dismissed. It is the applicant's responsibility to furnish current information and an updated resume.

A teacher's name shall be maintained on the recall list until September 1<sup>st</sup> two (2) years after the date on which the layoff occurs. Personnel on this list are encouraged to provide notification if they no longer wish to be considered for recall.

1. Names still listed at the end of the recall period will be dropped.
2. Individuals who refuse a job offer (of equal FTE) will be dropped from the list except for verified medical reasons. Medical reasons do not extend the recall period.

When a vacancy occurs, the personnel department will notify each qualified former employee on the recall list by mail that a vacancy exists. Those interested must express this interest in writing within a 14-day calendar period from the date of the notification's postmark.

Upon recall, employees shall advance one step on the salary schedule, provided that they are employed by the District (90) days in the year directly preceding their layoff, and have satisfied all other contractual requirements. PTS returning to service during the recall period shall have their accrued sick days and seniority restored. Any teacher with professional teacher status electing to be placed on such recall list will be deemed to have waived his/her hearing rights under MGL, Chapter 71, Section 42. This section F does not abrogate the teacher's right to the grievance procedure as described herein.

## APPENDIX A

### *PRIMARY FOCUS*

#### *(Department Chairs)*

Department chairs are key members of the School Based Leadership Team at Algonquin. They are advocates for the best possible education for students. They support professional standards in curriculum and instruction. They remain current in the knowledge of their disciplines, contribute to a climate of collaboration, and actively support the district's core values. They are active participants in the district commitment to school-based leadership and shared decision making.

The responsibilities of department chairs include the support, guidance, and observations of personnel; coaching and feedback; collection of data and evidence; participation in the leadership and management of the school; development of curriculum within the context of the school's core values; and leadership in the professional growth of the instructional staff. They also contribute to the development of an overall educational program at Algonquin, coordinating the curricula in their department with those of other departments and contributing to those processes that unify and integrate the school's program.

The Algonquin vision of the future of departmental leadership is consistent with the concept of *teachers leading teachers* as the school continues to move toward school-based leadership and educational reform. Department chairs, therefore, are team developers and team leaders in their own areas of expertise, at the same time exercising visionary "think school" leadership in concert with administrators and the School Council. Their functions, therefore, extend well beyond the traditional parameters of subject matter specialist, staff supervisor and developer, and departmental manager.

Education reform: As new instructional standards evolve, so do educational leadership standards. The new leadership standards revolve around school based management concepts and principles. More decisions are made closer to the student. Restructuring begins with content as a given. Yet we must reform our schools so that our students will develop more effective processes and skills with which to address content. In that context, department chairs are even more vital as links in the educational process than they have been in the past. Indeed, their roles need restructuring as secondary education is reformed.

#### Specific Functions (Department Chairs)

1. Algonquin Department Chairs are school based leaders: Department Chairs are members of the School Based Leadership Team led by the principal. Advocacy of specific subject matter areas is achieved through interdisciplinary considerations and school-based planning. Within this context, decisions are developed collaboratively rather than in isolation. As school based leaders, they also work collaboratively to promote the awareness of and adherence to the school's core values. As department leaders, they also assume responsibility for management of departmental budget,

communicating with Department members including relaying minutes and information discussed at the SBLT meetings, scheduling and room assignments, assignment of classes to teachers, and management of inventories and reports.

2. Algonquin department chairs are active in implementing education reform. Department chairs are teachers with expertise in a content area or in clusters of related content areas. Even more important, however, they are specialists in curriculum development as a field of study in and of itself. Department chairs understand and implement educational reform concepts like common core, performance standards, curriculum frameworks, interdisciplinary learning and performance-based assessment of student progress. They apply these concepts to their own subject matter areas and to the planning and development of the school's integrated Program of Studies as a focus on students' needs and interests.
3. Algonquin department chairs are subject area specialists: Department chairs demonstrate multiple approaches to teaching and learning in their own classrooms. They understand and use emerging concepts like learning styles, teaching styles, active learning and various grouping patterns. They are staff development specialists, working directly with other teachers as mentors who model effective teaching. Though they work primarily with personnel in their respective content areas, they also work with personnel in interdisciplinary ways. In this capacity they observe and support department members' performance within the context of the district's accepted practices. They also help staff regarding all aspects of professional growth and development focused on improving student performance. Department chairs also participate in the hiring and orientation of new staff.
4. Department chairs provide leadership and guidance towards the resolution of issues involving students, parents, and staff: They approach each situation not necessarily in terms of who is right and who is wrong, or even in the interest of harmonious relationships, but always in terms of what is fair to students within the context of the school's policies and core values.
5. Department chairs may be present at the midyear formative assessment meeting with the teacher and the administrator.

### ***FLEXIBLE PROFESSIONAL DEVELOPMENT***

The six (6) hours of on or off campus PD may be fulfilled in a variety of ways. Staff may submit and take part in professional partnerships, conduct and lead PD opportunities within the district, attend PD opportunities that occur after the school day has ended, throughout the school year beyond the school day, attend and participate in webinars, recommend and participate with guest speakers, develop and participate in topical professional learning communities (PLC's), and participate in virtual learning offerings that may be offered by the district. Staff may submit requests for PD proposals consistent with our more traditional scheduling of professional development. For teachers, the PD for these (6) hours must occur after the school day ends.

The parties believe this model provides for maximum flexibility and fluidity, professional and administrative ownership, and personalized and meaningful teaching and learning experiences for all participants. The use of these six (6) hours will be designed in collaboration with the principal and professional development/building staff with feedback from the Professional Development Committee.

The Professional Development Committee (PDC) includes two representatives from each of the K-8 schools and four representatives from Algonquin. The PDC is responsible for assisting in the development of site-based and District parameters, including but not limited to documentation, procedures and scheduling. Each member of the PDC will receive a stipend of \$27.50 per hour as defined by contract.

Additional members may be added to accommodate both District and site-based professional development planning.

## APPENDIX D

### *CLUB ADVISOR STIPENDS*

In order to recognize and encourage student club formation and staff involvement, it is proposed that club advisors be paid a stipend based on their level of involvement, dedicated time, and the dynamic activities of the club.

The proposal should include a minimum of ten to twenty (10-20) students. Clubs with fewer than 10 students may qualify for Category A. Documentation to support participation is required in order to process the stipend payment. A stipend will be paid on an annual basis and each club must receive approval from the principal each year.lane

Annual club proposals may be submitted by students, either in company with an interested advisor, or with a plan to form a club and secure an advisor. Money for new club advisor stipends would be made available annually, and based upon a funding mechanism using the activity fee receipts or operational budget. This funding source would be determined annually, in collaboration with the Principal and Director of Finance/Superintendent. The Principal has oversight for expending the allocated amounts for Clubs. Payment for stipends must be submitted, with the documentation required, by June 1 of each school year. It is possible that requests for clubs could exceed the annual allocated funds. All clubs beyond the allocated amounts will not be funded.

The Principal will maintain a record of clubs and expenditures and review all documentation on a quarterly basis with the Director of Finance/Superintendent. The table below is intended to serve as a guide to determining the amount of stipend paid semi-annually to club advisors. Its purpose is to determine the level of time investment and operational involvement of the advisors in order to identify the proper stipend Club Categories A, B, and C.

Club Category A: Club meets seasonally, approximately 12 times during the year, or 10 to 25 hours per club. Advisor mostly monitors meetings.	Club Category B: Club meets per semester, approximately 26 to 50 hours per club. Advisor conducts meetings and activities.	Club Category C: Club meets throughout the year, in excess of 50 hours. Advisor conducts meetings and oversees all activities.
